

“SAJAWAL CREATES PROMPT - 2”

High-angle editorial street-style photograph from a balcony viewpoint looking down at the young man from the uploaded image. He is standing on sunlit grey asphalt. He has short dark hair styled naturally with light stubble beard and sharp facial features. His expression is confident and relaxed. He is wearing a brown baseball cap with a white monogram, a black leather jacket with tan contrast stitching, a white open-collar shirt layered under a beige knit V-neck cardigan with four buttons, and very wide grey pleated trousers with clean white shoes. He is holding a white takeaway coffee cup in his left hand and his right hand is adjusting his cap. To the right, the front corner of a glossy black luxury SUV with a round headlight and chrome grille is cropped into the frame. The ground has soft tree shadows and a diagonal strip of cobblestones. Warm late-afternoon sunlight falling directly on his face, cinematic color grade, subtle film grain, realistic textures, slim body type, editorial fashion photography, 4K ultra-detailed. Ratio must be only 4:5
