

“CHATGPT STEPS & STYLE PROMPTS BY SAJAWAL CREATES”

For Boys:

Prompt No. 1: (Main Prompt)

"Ultra-realistic urban streetwear photography, 90s grunge aesthetic, moody and atmospheric cinematic vertical composition. A young man sits casually on outdoor weathered concrete stairs, posing with a cool, confident demeanor, body relaxed and naturally weighted.

He wears an oversized grey and beige plaid flannel shirt worn open with realistic fabric texture and natural creases, a plain black crew-neck t-shirt underneath, loose-fitting dark trousers with authentic fabric drape, and chunky white sneakers with realistic scuff and texture detail.

His short-to-medium textured hair falls naturally, slightly tousled with soft natural movement. His expression is neutral and poised, calm confident presence, light natural stubble, eyes concealed behind round dark sunglasses with thin metal frames, realistic lens reflections. He wears a simple silver chain necklace with natural metal shine.

The setting is an urban environment with a tall, grey concrete apartment block in the background featuring a grid of repeating windows, authentic weathered texture on the concrete steps in the foreground with natural cracks, stains, and wear.

Lighting is soft, diffuse natural daylight indicative of an overcast sky, creating even illumination across his face and clothing without harsh shadows, natural soft contrast, true-to-life color temperature.

Camera angle is a low-angle shot looking slightly up at the subject, emphasizing the height and scale of the background building, correct perspective lines. Sharp, tack-focus on the subject with a slightly softened, naturally blurred background for depth separation.

Ultra-realistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic or waxy look. Realistic fabric weave on the flannel and trousers, authentic concrete texture, natural hair strand detail. Physically accurate lighting and shadow direction, true-to-life color reproduction, subtle authentic film grain, muted moody color grading true to 90s grunge style. Photorealistic, hyperrealistic, high-definition fine detail throughout, RAW photo quality, 8K resolution, no CGI, no illustration, no digital art, no over-processing, looks like a genuinely captured real photograph."

"blurry face, distorted or different face, bad anatomy, deformed hands, extra fingers, feminine facial features, feminine pose, cartoon, anime, illustration, CGI, 3D render, plastic skin, wax skin, over-smoothed skin, beauty filter, flat lighting, unrealistic shadow, harsh shadows, oversaturated, overprocessed HDR, oversharpened, low resolution, noise, compression artifacts, fake AI look, washed out colors, watermark, logo, text, signature, cluttered distracting background, unnatural symmetry, broken perspective"
