

“CHATGPT STREET STATIC PROMPTS BY SAJAWAL CREATES”

FOR BOYS:

PROMPT NO: 01

Sitting on Skateboard

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young man sitting on a skateboard with knees bent, back resting casually against a weathered brick wall covered in faded graffiti art, at an urban street corner during dusk.

His expression is calm, introspective, and slightly distant — eyes gently closed or lowered, fully absorbed in music, radiating quiet stillness and reflection. His hair is naturally textured, slightly tousled by the evening breeze, light natural stubble adding authentic detail. He wears sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic denim/cotton texture and functional pocket detailing, worn white sneakers with natural scuffing and authentic material wear — relaxed, functional streetwear aesthetic, unstyled and genuine.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture, a skateboard leaning against the wall nearby, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and his face, soft realistic shadow falloff, physically accurate light behavior across skin, fabric, and brick surfaces.

Camera: low-angle three-quarter view, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the background softly blurred, vertical composition emphasizing the street's depth and the wall's natural lines.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic or waxy look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds and wrinkles, scuffed skateboard deck showing genuine wear, still frame with no motion blur. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, professional cinematic street portrait quality, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, no over-processing, looks like a genuinely captured real photograph."

Negative Prompt:

"brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, feminine facial features, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, motion blur, action pose, cartoon, illustration, CGI render look, plastic skin, wax skin, over-smoothed skin, flat lighting, unrealistic shadow, oversaturated, overprocessed HDR, oversharpened, low resolution, noise, compression artifacts, fake AI look, washed out colors, watermark, text, signature, unnatural symmetry, cluttered background"

PROMPT NO: 02

Standing, Looking Down at Skateboard

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young man standing casually beside a weathered brick wall covered in faded graffiti art at an urban street corner during dusk, one foot resting on top of the skateboard, looking down at it thoughtfully.

His expression is calm and contemplative, a subtle relaxed half-smile, eyes focused downward toward the skateboard, headphones resting around his neck rather than on his ears, as if he just paused the music. His hair is naturally textured, slightly tousled by the evening breeze, light natural stubble adding authentic detail. Sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic cotton texture and functional pocket detailing, worn white sneakers with natural scuffing — relaxed, functional streetwear aesthetic.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and his face, soft realistic shadow falloff, physically accurate light behavior.

Camera: eye-level side-angle three-quarter view, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the background softly blurred, vertical composition emphasizing the street's depth and the wall's natural lines.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds, scuffed skateboard deck showing genuine wear. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, looks like a genuinely captured real photograph."

Negative Prompt: "brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, feminine facial features, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, cartoon, illustration, CGI render look, plastic skin, over-smoothed skin, flat lighting, oversaturated, oversharpened, low resolution, fake AI look, watermark, text, unnatural symmetry, cluttered background"

PROMPT NO: 03

Low-Angle, Walking Away from Camera, Glancing Back

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young man walking away along a weathered brick wall covered in faded graffiti art at an urban street corner during dusk, skateboard held loosely under one arm, captured mid-stride.

His expression is calm and mysterious, head turned back over his shoulder toward the camera with a subtle direct gaze, headphones on, fully immersed in music. His hair is naturally textured, slightly tousled by the evening breeze, light natural stubble adding authentic detail. Sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic cotton texture and functional pocket detailing, worn white sneakers with natural scuffing — relaxed, functional streetwear aesthetic.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture stretching into the distance, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and his face, soft realistic shadow falloff, physically accurate light behavior.

Camera: low-angle shot looking slightly upward, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the receding brick wall softly blurred into the distance, vertical composition emphasizing depth and perspective.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds and subtle motion in the flannel shirt, scuffed skateboard deck showing genuine wear. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, looks like a genuinely captured real photograph."

Negative Prompt: "brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, feminine facial features, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, cartoon, illustration, CGI render look, plastic skin, over-smoothed skin, flat lighting, oversaturated, oversharpened, low resolution, fake AI look, watermark, text, unnatural symmetry, cluttered background"

FOR GIRLS:

PROMPT NO: 01

Crouching, Adjusting Headphones

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young woman crouching down low beside a weathered brick wall covered in faded graffiti art at an urban street corner during dusk, skateboard resting flat on the ground beside her.

Her expression is calm and focused, one hand gently adjusting her headphones, eyes looking slightly downward in a natural candid moment, as if just about to press play. Her hair is naturally textured, loose and slightly tousled by the evening breeze. Sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic cotton texture and functional pocket detailing, worn white sneakers with natural scuffing — relaxed, functional streetwear aesthetic.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and her face, soft realistic shadow falloff, physically accurate light behavior.

Camera: eye-level front-facing angle, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the background softly blurred, vertical composition.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds, scuffed skateboard deck showing genuine wear. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, looks like a genuinely captured real photograph. Ratio must be 4:5"

Negative Prompt: "brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, cartoon, illustration, CGI render look, plastic skin, over-smoothed skin, flat lighting, oversaturated, oversharpener, low resolution, fake AI look, watermark, text, unnatural symmetry, cluttered background"

PROMPT NO: 02

Leaning Sideways Against Wall, Arms Crossed, Eyes Open

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young woman leaning sideways against a weathered brick wall covered in faded graffiti art at an urban street corner during dusk, skateboard propped upright against the wall beside her.

Her expression is calm and confident, arms crossed loosely, eyes open with a soft direct gaze toward the camera, subtle relaxed smile. Her hair is naturally textured, loose and slightly tousled by the evening breeze. Sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic cotton texture and functional pocket detailing, worn white sneakers with natural scuffing — relaxed, functional streetwear aesthetic.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and her face, soft realistic shadow falloff, physically accurate light behavior.

Camera: side three-quarter angle, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the background softly blurred, vertical composition emphasizing the wall's natural lines.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds, scuffed skateboard deck showing genuine wear. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, looks like a genuinely captured real photograph."

Negative Prompt: "brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, cartoon, illustration, CGI render look, plastic skin, over-smoothed skin, flat lighting, oversaturated, oversharpened, low resolution, fake AI look, watermark, text, unnatural symmetry, cluttered background"

PROMPT NO: 03

Sitting on the Ground, Knees Hugged, Head Resting on Knees

"Reference photo attached — use the exact same face, identical facial features, skin tone, hairstyle, body proportions, and complete identity preserved exactly as shown, no alterations to face or structure whatsoever. Ultra-realistic cinematic street portrait of a young woman sitting directly on the ground beside a weathered brick wall covered in faded graffiti art at an urban street corner during dusk, skateboard lying flat nearby, knees pulled up and hugged close, head resting gently sideways on her knees.

Her expression is calm, dreamy, and reflective, eyes gently closed, fully absorbed in the music, peaceful stillness in her posture. Her hair is naturally textured, loose and falling softly around her face. Sleek, luxury-grade premium over-ear headphones with a sophisticated matte black finish, brushed metal accents, and soft leather ear cushions with visible stitching, no visible brand markings.

Outfit: an oversized plaid flannel shirt worn open with realistic fabric texture, natural creases, and authentic weave detail, layered over a plain fitted t-shirt, loose cargo pants with realistic cotton texture and functional pocket detailing, worn white sneakers with natural scuffing — relaxed, functional streetwear aesthetic.

Environment: a quiet urban alley or side street, weathered brick wall with faded graffiti art texture, a street lamp mounted above casting warm ambient light, rough asphalt ground with small natural debris, end-of-day urban calm atmosphere.

Lighting: warm golden street-lamp light as the primary source, soft natural twilight as secondary ambient light, creating gentle golden highlights across the brick texture and her face, soft realistic shadow falloff, physically accurate light behavior.

Camera: slightly elevated angle looking down gently, cinematic 35mm lens look, moderate depth of field with the subject in tack-sharp focus and the background softly blurred, vertical composition.

Color palette: dominant warm brick-red, muted olive, and soft amber tones, with cool gray and faded graffiti color accents for contrast, warm cinematic highlights with slightly muted natural saturation.

Ultra-photorealistic skin texture with visible pores, natural tonal variation, no smoothing, no plastic look, identity fully unchanged. Rough authentic brick texture, worn asphalt detail, realistic fabric folds, scuffed skateboard deck showing genuine wear. Cinematic street-photography aesthetic, photorealistic, hyperrealistic, high dynamic range, ultra-detailed fine texture throughout, true-to-life color reproduction, RAW photo quality, 8K ultra-high resolution, no CGI artifacts, no illustration, no digital art, looks like a genuinely captured real photograph."

Negative Prompt: "brand logo, trademark symbol, visible headphone branding, different face, altered facial features, different identity, blurry face, distorted face, bad anatomy, deformed hands, extra fingers, cartoon, illustration, CGI render look, plastic skin, over-smoothed skin, flat lighting, oversaturated, oversharpened, low resolution, fake AI look, watermark, text, unnatural symmetry, cluttered background"
