

“CHATGPT SOFT SPRING PROMPTS BY SAJAWAL CREATES”

FOR GIRLS:

PROMPT NO: 01

Woman looking up, smiling, hair blowing

Ultra-realistic cinematic portrait photography, shot on Sony A7R IV with 85mm f/1.4 GM lens. Vertical 9:16 composition, low-angle perspective looking upward toward subject's face, slight tilt for dynamic framing.

Subject standing beneath a canopy of full-bloom cherry blossom trees during golden-hour spring afternoon. Soft, diffused natural daylight filters through overlapping branches, casting organic dappled light-and-shadow patterns across the face, jawline, neck, and collarbone, with subtle warm rim light separating subject from background.

Short, slightly tousled wind-blown hairstyle — a gentle breeze lifts a few loose strands mid-motion, creating natural movement. Subject's head tilted back, eyes gazing softly upward toward the sky, calm and dreamy expression, faint natural smile, relaxed jaw, soft focus in the eyes suggesting quiet wonder.

Skin: realistic pore-level texture, soft natural sheen (not oily), visible fine texture under light, natural makeup with subtle under-eye definition, no smoothing or plastic look. Eyes photorealistic with natural catchlights reflecting the sky and blossoms.

Lens & optics: 85mm portrait lens, aperture f/1.4–f/1.8, shallow depth of field, creamy circular bokeh, soft chromatic falloff at edges, natural lens vignetting. Cherry blossom petals blurred in extreme foreground (bottom third of frame) creating layered depth, additional soft-focus branches framing upper corners.

Lighting: natural HDR daylight, soft key light from upper-left through canopy gaps, gentle fill from ambient sky light, subtle warm highlights on hair strands, smooth realistic shadow falloff on skin (no harsh contrast), soft blue-pastel sky visible through gaps in branches.

Color grading: soft filmic tones, muted pastel palette (blush pink, warm cream, soft sky blue), slightly lifted shadows, natural film grain (subtle, not heavy), true-to-life skin tones — no oversaturation.

Composition: rule-of-thirds framing, strong foreground-to-background depth layering (blurred petals → subject → soft bokeh trees → sky), candid unposed moment, editorial lifestyle photography aesthetic, ultra-detailed 8K clarity on in-focus areas only.

Wardrobe: plain white cotton t-shirt, natural fabric folds and texture, soft shadow play from petals falling across the shirt.

Negative / avoid: no heavy retouching, no artificial beauty filters, no exaggerated or glossy makeup, no fantasy/surreal elements, no cartoon or illustration style, no extra jewelry or accessories, no facial structure changes, no body proportion changes, no oversharpened skin, no plastic-looking texture, no unnatural symmetry.

Reference mood: soft spring intimacy, cinematic stillness, natural upward gaze toward blossoms and sky, gentle wind motion, warm nostalgic film-photography feel.

PROMPT NO: 02

Woman, eyes closed, hand in hair

Ultra-realistic cinematic portrait photography, shot on Sony A7R IV with 85mm f/1.4 GM lens. Vertical 9:16 composition, medium closeup from chest-up, camera at eye-level with a slight side offset for natural asymmetry.

Subject standing beneath a canopy of full-bloom cherry blossom trees during golden-hour spring afternoon. Soft, diffused natural daylight filters through overlapping branches, casting organic dappled light-and-shadow patterns across the face, jawline, neck, and collarbone, with subtle warm rim light separating subject from background.

Short, slightly tousled wind-blown hairstyle — a gentle breeze lifts loose strands sideways across the shoulder, hair caught mid-motion. Subject's head tilted slightly back and to one side, one hand gently raised to tuck a loose strand of hair behind the ear, eyes closed softly as if feeling the breeze, calm and peaceful expression, faint natural smile, relaxed jaw, serene stillness in the pose.

Skin: realistic pore-level texture, soft natural sheen (not oily), visible fine texture under light, natural makeup with subtle under-eye definition, no smoothing or plastic look. Closed eyes with soft natural eyelash detail, gentle shadow along the lash line.

Lens & optics: 85mm portrait lens, aperture f/1.6–f/2.0, moderately shallow depth of field, creamy circular bokeh, soft chromatic falloff at edges, natural lens vignetting. Cherry blossom

petals blurred in lower foreground corners creating layered depth, soft-focus branches framing upper background.

Lighting: natural HDR daylight, soft key light from upper-left through canopy gaps, gentle fill from ambient sky light, subtle warm highlights on hair strands and hand, smooth realistic shadow falloff on skin (no harsh contrast), soft blue-pastel sky visible through gaps in branches.

Color grading: soft filmic tones, muted pastel palette (blush pink, warm cream, soft sky blue), slightly lifted shadows, natural film grain (subtle, not heavy), true-to-life skin tones — no oversaturation.

Composition: medium-closeup rule-of-thirds framing, strong foreground-to-background depth layering (blurred petals → subject → soft bokeh trees → sky), candid unposed moment, editorial lifestyle photography aesthetic, ultra-detailed 8K clarity on in-focus areas only.

Wardrobe: plain white cotton t-shirt, natural fabric folds and texture, soft shadow play from petals falling across the shoulder and collarbone.

Negative / avoid: no heavy retouching, no artificial beauty filters, no exaggerated or glossy makeup, no fantasy/surreal elements, no cartoon or illustration style, no extra jewelry or accessories, no facial structure changes, no body proportion changes, no oversharpened skin, no plastic-looking texture, no unnatural symmetry.

Reference mood: quiet spring serenity, cinematic stillness, closed-eye moment of feeling the breeze, gentle wind motion, warm nostalgic film-photography feel.

FOR BOYS:

PROMPT NO: 01

Man looking up, arm flexed, blossoms overhead

Ultra-realistic cinematic portrait photography, shot on Sony A7R IV with 85mm f/1.4 GM lens. Vertical 9:16 composition, low-angle perspective looking upward toward subject's face, slight tilt for dynamic framing.

Subject standing beneath a canopy of full-bloom cherry blossom trees during golden-hour spring afternoon. PROMPT NO: 02

Man, hand on chin, looking away

Ultra-realistic cinematic portrait photography, shot on Sony A7R IV with 85mm f/1.4 GM lens. Vertical 9:16 composition, medium closeup from chest-up, camera at eye-level with a slight 3/4 side offset.

Subject standing beneath a canopy of full-bloom cherry blossom trees during golden-hour spring afternoon. Soft, diffused natural daylight filters through overlapping branches, casting

organic dappled light-and-shadow patterns across the face, jawline, neck, and collarbone, with subtle warm rim light separating subject from background.

Short textured hairstyle, slightly wind-blown — a gentle breeze lifts strands mid-motion. Subject's head turned slightly to the side, one hand raised to rest against the jaw thoughtfully, eyes looking off past the camera toward the blossoms, calm and introspective expression, relaxed jaw, subtle grounded stillness in the pose.

Skin: realistic pore-level texture, soft natural sheen (not oily), visible fine texture under light, light natural stubble with individual hair detail, no smoothing or plastic look. Eyes photorealistic with natural catchlights reflecting the sky and blossoms.

Lens & optics: 85mm portrait lens, aperture f/1.6–f/2.0, moderately shallow depth of field, creamy circular bokeh, soft chromatic falloff at edges, natural lens vignetting.
