

“GEMINI SUPER MARIO PROMPTS BY SAJAWAL CREATES”

THIS PROMPT IS SUITABLE FOR BOTH BOYS & GIRLS.

PROMPT :)

An ultra-realistic, wide-angle 13mm selfie photograph taken from a high angle. THE REFERENCE PERSON is in the center/front, smiling broadly. "THE REFERENCE PERSON's face must be 100% photorealistic and hyper-accurate to the reference photo — real human skin texture with visible pores, natural skin imperfections, fine wrinkles, realistic under-eye detail, natural asymmetry, real hair strand detail. The face must NOT look 3D-rendered, airbrushed, plastic, or stylized in any way — it should look like an actual unedited photograph of a real person, in stark contrast to the cartoon 3D characters around them. Wearing a loose oversized blue crew-neck t-shirt with full coverage, modest fit, high neckline, casual and appropriate for all audiences. Clustered around them are highly-detailed 3D live-action versions of Mario (winking), Luigi (giving a thumbs up), Princess Peach (blowing a kiss), Toad (making a shocked face), and Donkey Kong (flexing his bicep and roaring).

Setting & Lighting: Inside Princess Peach's Castle throne room, with decorative tapestries and stained-glass windows in the background. Premium cinematic studio lighting mixed with ambient colorful light from the stained glass. The 3D characters have realistic textures for fabric (Mario's overalls) and fur (Donkey Kong).

Camera & Quality: 13mm wide-angle, outstretched arm selfie. Ultra-photorealistic, 4K UHD, extremely detailed textures, pores, and materials. Clean, sharp image. Ratio must be 4:5

Negative Prompts: no extra characters, no extra limbs, no distorted face, no blurry background, no watermark, no text overlay, no tight clothing, no cleavage, no body-hugging fit, no revealing outfit, no exposed skin beyond arms/face, no suggestive pose, no cartoonish face, no 3D-rendered face, no plastic skin, no airbrushed skin, no CGI face, no smoothed skin, no doll-like features, no waxy texture, no artificial symmetry, no stylized face, face must not blend with cartoon character style.
