

“CHATGPT OCEAN WIND PROMPTS BY SAJAWAL CREATES”

FOR BOYS:

PROMPT NO: 01

Ultra-realistic professional fashion portrait of the **same reference man**, framed from approximately mid-chest to the top of the head.

Slight natural three-quarter pose, body subtly turned while the face remains naturally oriented toward the camera.

Head subtly angled toward the camera. Direct calm gaze toward the lens. Relaxed neutral expression. Natural masculine posture without posing exaggeration. Realistic shoulders, neck, head and body proportions.

HAIR / FACIAL DETAILS

Preserve the **exact hairstyle, hairline, hair density, hair color and facial-hair characteristics of the reference**.

Dark hair naturally affected by a gentle ocean breeze, with a few individual strands moving naturally.

Do not redesign the hairstyle. Do not make the hair excessively thick, glossy, voluminous, perfectly styled, or artificially textured. Preserve realistic natural skin texture, pores, fine lines and subtle facial details. No beauty retouching. No artificial skin smoothing. The face should retain the authentic photographic characteristics of the reference.

OUTFIT

Deep vivid **royal blue wool coat**, sophisticated structured but naturally relaxed fit.

Matching thick, soft royal blue wool scarf wrapped naturally around the neck, partially framing the lower face without covering the important facial features.

Realistic wool fibers, fine textile detail, natural folds, creases and fabric weight.

Rich monochromatic royal-blue styling.

The clothing must complement the reference man's appearance without affecting or changing his facial identity.

LIGHTING / COLOR

Natural cinematic daylight. Soft directional sunlight gently illuminating the face. Subtle realistic highlights and shadows following the actual facial structure. Cool atmospheric blue environment. Rich deep royal-blue tones in the clothing and surroundings.

Keep the man's original natural skin tone from the reference.

Do not tint the skin blue. Do not use excessive teal-and-orange grading. Sophisticated restrained cinematic color grading with authentic photographic contrast.

BACKGROUND

Minimal peaceful outdoor environment resembling calm open ocean water. Soft blue sky. Very subtle blurred ocean horizon in the distance. Deep blue atmospheric gradient. Dreamy shallow depth of field. Smooth natural optical bokeh. Background remains visually simple and unobtrusive. The man remains the clear focal point.

PHOTOGRAPHIC REALISM

Ultra-realistic professional fashion photography. Natural full-frame camera appearance. 8K UHD detail. Photorealistic skin texture. Visible natural pores and fine facial detail. Realistic individual hair strands. Realistic beard/facial-hair texture. Highly detailed wool fibers. Natural optical depth of field. Authentic lens rendering. Subtle film-like photographic character. Realistic HDR without excessive processing. Natural contrast. No artificial AI polish.

The final image must look like a **real photograph captured with a professional camera**, not an AI-generated portrait.

CRITICAL FACE PRIORITY

FACE IDENTITY > POSE > CLOTHING > LIGHTING > BACKGROUND

If any visual element conflicts with the reference identity, **always prioritize the reference face**.

Do not modify the face to better fit the lighting, pose, fashion styling, or composition.

The face must remain the same person throughout the generation.

NEGATIVE PROMPT

No different male face, no generic male face, no generic handsome model, no face replacement, no identity drift, no identity mixing, no facial reconstruction, no facial redesign, no invented facial features, no altered face shape, no altered forehead, no altered cheekbones, no altered jawline, no altered chin, no altered eyes, no altered eye spacing, no altered eyebrows, no altered nose, no altered lips, no altered mouth shape, no altered beard, no altered facial-hair pattern, no changed hairline, no changed skin tone, no younger-looking face, no older-looking face, no slimmer face, no wider face, no enlarged face, no oversized head, no exaggerated masculine features, no model-like transformation, no beautification, no facial enhancement, no symmetry correction, no skin whitening, no beauty filter, no plastic skin, no excessive skin smoothing, no airbrushed skin, no excessive grooming, no artificial hair, no CGI face, no AI face, no cartoon, no illustration, no 3D render, no stylized face, no fantasy face, no distorted anatomy, no unnatural proportions, no artificial lighting, no blue skin, no excessive color grading.

FOR GIRLS:

PROMPT NO: 01

REFERENCE / IDENTITY LOCK: Use the uploaded face as the exact facial identity reference, preserve identical facial features, face shape, eyes, eyebrows, nose, lips, jawline, skin tone and natural proportions, no face change, no identity drift, keep the face realistic and naturally sized.

SUBJECT / POSE: Ultra-realistic 8K vertical fashion portrait of the same young woman, mid-chest to head, slightly turned three-quarter pose, head subtly tilted toward camera, direct calm gaze, relaxed neutral expression, natural elegant posture, realistic proportions.

HAIR / FACE: Dark brown short-to-medium loosely wavy hair, naturally messy and wind-blown, visible individual strands flowing around the face, several fine strands naturally crossing the forehead and cheeks, realistic skin pores and fine facial texture, minimal natural makeup, soft natural pink lips.

OUTFIT: Deep vivid royal blue wool coat with a structured oversized relaxed fit, matching thick soft wool scarf wrapped naturally around the neck and partially framing the lower face, realistic fabric fibers, folds and texture, rich monochromatic blue styling.

LIGHTING / COLOR: Cinematic natural daylight, strong but soft directional sunlight across the face, subtle highlights and shadows, cool blue color atmosphere, rich royal blue tones, realistic skin-to-blue contrast, sophisticated cinematic color grading.

BACKGROUND: Minimal outdoor setting resembling calm ocean or open water, soft blue sky and blurred horizon, deep blue gradient background, dreamy shallow depth of field, smooth natural bokeh, subject sharply focused.

QUALITY: Hyper-realistic professional fashion photography, 8K UHD, photorealistic skin, realistic hair strands, detailed wool texture, HDR, cinematic depth, natural contrast, subtle film-like realism, no artificial AI polish.

NEGATIVE PROMPT: No face replacement, no identity drift, no different face, no generic face, no face reshaping, no enlarged face, no oversized eyes, no altered nose, no altered lips, no beauty filter, no plastic skin, no excessive makeup, no cartoon, no CGI, no 3D render, no illustration, no artificial skin, no over-smoothing, no distorted anatomy, no unrealistic hair, no harsh artificial lighting.
